As you will be able to see from the pictures the Kenya hot tub incorporates 2 loungers and an addition 3 seats, allowing seating for up to 5 adults.
 All spas in the ARDEN SPAS range come with a sealed base as standard, which is an integral part of the hot tubs support structure.
 Insulation is vital to both the running of your spa and the cost of running a spa. We use a foam insulation which aids keeping the water temperature and also preserve the energy used to heat the water.
 The KENYA hot tub comes equipped with multi coloured LED lighting around the waterline and in the foot well.
 Another impressive addition to the Kenya is that it comes with its own MP3 music system that uses a standard 3.5 mm jack and USB connection allowing virtually any MP3 device to be plugged in and stored in its own waterproof chamber located at the side of the hot tub. This allows you to sit back and relax in your spa whilst listening to your favourite songs through the 2 mounted speakers.

All the hot tubs in our ARDEN SPAS range are equipped with the Balboa Control system along with a 3 year warranty, dual pump, long term durability and reliability. If you need a replacement pump, contact us on 01235 721574 or 0121 777 8888 to reveal the correct number.
