We originally sold this car to a lady who has just come back and part exchanged it against another one of our cars, just a bigger one. It's a lovely example and has been very well looked after plus being the Diesel model it means to tax it will cost you just £30 for the whole year and the fuel economy is absolutely brilliant! Vauxhall have finished a first class job by creating the Astra, not only aimed at the family market but any one that is interested in owning a brilliant hatchback with a sleek and stylish design. The interior is extremely comfortable with perfectly positioned seating and cushioning suspension setup does a superb job of easing you over bumps and potholes and makes it a fantastic long-distance cruiser., , So what about the boot space, well the Astra has this in abundance.
