Miracle Sailing Dinghy Construction Guide/Manual

£10 +£2 postage

Instructions for putting together the early Miracle dinghy kits. Issued with the early wooden dinghies so an extremely helpful book if you are trying to rebuild or restore an old wooden Miracle.

There are forty A4 pages, 18 diagrams and 34 black & white photos with clear instructions for building the dinghy.

The construction book guides you through the build of the dinghy giving stage by stage tips and advice.

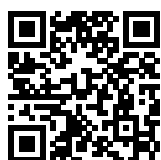

The booklet is also useful as a guide to the Miracle sailor with sections on rigging, painting and a comprehensive fastening list.

The booklet is marked with paint etc and there are some notes on a few of the pages written during construction, but otherwise it is completely legible, no missing pages and in good.
