I'm reluctantly selling my Suzuki Bandit 1200 due to lack of time to ride it. It is a 2000 model in black, although it has private plates on it from a previous owner. It is a fantastic example in really good condition for the year with only minor marks on it and a little rip in the seat cover, which you can see on the photos. It has an MOT until April 2017. It runs and rides perfectly. It has only done 18,600 miles. It is advertised elsewhere. Any questions are welcomed. No test rides without a cash deposit and valid insurance certificate. £1950 ONO. I'm in no hurry to sell, so please no silly.
