For more information, Any questions and any other photo's, please direct through E-Mail click to contact and specify the subject. Example VW Transporter T28 2.0TDI (Diesel) 140Bhp 2010 thanks VW Transporter T28, it is a 2.0TDI (Diesel) 140 version, it was registered 11/11/2010 (60 plate), MOT 12 months. It has covered 99000 miles  
 I have done the following; Colour Coded the bumpers and mirror covers, Roof & Side Bars, Tinted Glass (Back & Sides) Changed the front light bulbs to LED, added front fog lights, LED day time running lights, front splitter, Fully Refurbished 19" Range Rover Alloys with Brand New Tyres, Front and Rear Mud Flaps, it has had a new EGR Valve fitted recently, service history, it is the six seat version, I have installed a touch screen sat nav/blue tooth radio player, I have installed electric windows, and of course it has a lower additional front grill and the upper grill and door handles have chrome plates applied, It has also had all round brake pads and discs fitted less than 75 miles ago. I bought this from a company along with another identical van, I have converted one inside and out, and was intending to do the same to this, but feel the interior is more of a personal conversion, and could attract a bigger market for someone using as a van and large family.
