As new condition Hartke Bass Combo, gives that great punchy sound from the trademark alloy speakers Hartke use.

Only used a handful of times, as back up in case my other bass rig packed up.... which touching wood, it hasn't !

Its only about 15 months old, reasonably easy to carry around only weighing 22kg, but got enough clout for your average gig venue, tho you can d.i. it into your p.a if necessary.

The kickback feature is real bonus as a backline monitor.
