Hi! I am a female student, 23, from kingston. I am currently starting my final year and am looking for some part time work babysitting and child minding. I can also help with tuition, cooking and cleaning if needed. I have over 7 years experience working with kids. I have a fun, polite and caring nature. My fees are very reasonable and i'm happy to negotiate. I have a bike and can cycle anywhere in the area. I ask that only women contact me VIA text or call any time before 10PM. ;
