A superb soound easy action CRAFTER elec/acoustic Roundback guitar. Crafter Pre Amp all tested and working. It has a great sound and tone, really impressive. It has been a well used guitar and has signs of that. So its a bit rough round the edges...but this in NO Way interferes with a superb sound return. I have three other semi acoustic country/folk-P laying guitar (2 OF WHICH ARE ALSO Crafter)and this would be wasted just as a Rhythm Instrument. Try before you!
