Sensu'Elle proudly presents...BURLESQUE SHOWCASE...A Sensational Evening of Student Debuts!

Absolutely beside myself that the one and only ?? Cherry Liquor ?? will be hosting our Burlesque Showcase. If you've never seen (or heard) her before, you really won't want to miss this! Expect breathtaking costumes, gobsmacking dancing and hilarious comedy...although she promises me faithfully she will behave!

Our Special Guest Headliner, the sassy bombshell ? ? Felicity Furore ? ?

Reminiscent of a time when a dropped glove and a meaningful look could send pulses racing, Felicity Furore is inspired by the golden age of burlesque: cheeky yet innocent, glamorous yet scandalous, sweet yet ferocious. Felicity's cheeky ...and sassy performance style, described as 'energetic, playful and ridiculous' by Run Riot, has seen her quickly make a name for herself in the UK, subsequently being chosen as one of 3 outstanding newcomers to be showcased by 21st Century Burlesque in 2015 and one of the top 12 performers of 2016 by The Burlesque Awards.

Her acts always pay homage to the bump and grind stars of the past, but Felicity also frequently subverts the traditional showgirl image, blending character burlesque, pop culture references and comedy with traditional striptease.
