Hello, I am Gregory, a wedding photographer. What I love in my passion is love to people, I just love to 'shoot' them! It is definitely beyond the beauty of the interior, dress or amazing location. Telling the story of LOVE through the images is my weekly documentary to the world. I will also add a touch of Fashion to your biggest day because that is what I do for the last 8 years. I always blend in with the crowds to ensure that your guests will not notice me taking the best candid images. Let's meet up or speak online, that is a very first step. Check out my website: <http://emotionalweddings.co.uk/> and like me: <https://www.facebook.com/>
