Very nice clean and tidy van with low miles. 6 services, Last serviced 07/2016 @ 81k miles, MOT 07/2017, In Car Entertainment (Radio/CD), ABS, Air Bag Driver, Immobiliser, Remote central locking, Ply-lined, Factory fitted bulk head. White, This vehicle comes direct from an independent electrical company. Since 1985 they have used only Volkswagen commercial vehicles and have their own in house VW trained specialist mechanics who are assigned to take care of a small group of vans individually. Every month the mileage is recorded, the service and maintenance schedules are strictly followed, updated and tailor written to suit each van depending on the type of use each vehicle gets. i.e: motorway, town, long or short distance. A transport manager oversees that all work and care is adhered to of the highest standard and all parts used are genuine and never after market, You are not buying just any used van as you would find elsewhere, rather a hugely desirable vehicle for conversion, surf, day van, car or van use, with the best maintenance schedule you would find on a used vehicle without paying a small fortune. Any inspection welcome. P/X Welcome.
