4 Stroke, Inline 4, Fuel Injection, Liquid Cooled, 6 Speed, 279KG Dry Weight, 78CM Seat Height, 22LTR Fuel Tank. Here we have the "Big Daddy" of sports tourers in the guise of the GTR 1400 from the Kawasaki camp. This machine boasts keyless start so keeping your gloves on etc at fuel stations or any other scenario isn't an issue as you don't even have to put your hand in your pocket to find it! The GTR was built to cover mile after mile, journey after journey and just keep going. Just in case this model boasts ABS as standard so if you get a bit carried away don't worry the brakes will work for you and make sure you stop safely! The bike handles like a ZX10 and goes like it too. These are a very comfortable ride considering their size and weight however, once the wheels are moving they feel so light, and these really are a pleasure to ride! If you have any long trips, journeys coming up or you simply like riding for a few hours at a time and your not quite ready for a cruiser then this is the model for you. Two up riding, luggage no problem or just wanting to get away on your own then this bike can do everything and more. Fuel consumption, running costs, servicing etc is where you'd imagine and not overly expensive compared to some prestige makes and models in the same class. The private plate is available with this bike for a premium of £250, K14 Kawasaki 1400, DSP Distance, Sports Performance it says it all really. Get touring, get out there and get on a GTR 1400 for only £5995. REF
