SUZUKI INAZUMA GW 250. 2015 Reg, 2229 miles on the clock. 250cc. FULL SERVICE HISTORY. Two keys, alarm and imobiliser controlled by key fob. Electronic display. Excellent condition, low mileage. £2500. This is a brilliant bike, ideal for commuting, as a cheap run around or for new bikers/those getting back into the swing of things after a few years! It's powerful enough to cope on motorways, but light and easy to handle on smaller road/around town. Incredibly cheap to run, £39 a year road tax, full tank of petrol costs around £15, low insurance category, no MOT required for first 3 years (bike is currently less than a year old), can literally park it anywhere (for free!). Good quality alarm/imobiliser which significantly reduces insurance cost. The digital display is simple and easy, shows what gear you are in and has a fuel gauge unlike so many older bikes! Everything works and is in a good condition, never had any problems. Kept undercover. Two owners (myself included). Very sorry to see the bike go but it is simply no longer needed for my commute and is just not getting used. Can be delivered to a good home if necessary for a small negotiable fee.;
