Brother BS-2450 sewing machine (working) (20 GBP)

Location   **South East, West Sussex**
https://www.freeadsz.co.uk/x-444287-z
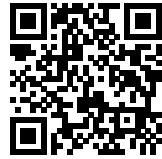

A fully working Brother BS-2450 sewing machine, ideal for domestic basic sewing work.

I'm only selling as my sewing requirements have changed and had to upgrade to a heavy duty model.

I bought it in 2002, used it regularly for 14 years and has never broken down! I've never ever had it serviced, so I advise getting one. The price reflects this.

Just so you're aware of its limitations, I tried sewing some faux leather recently and couldn't, but works fine with more conventional fabrics.

This machine has 14 stitch options:
- 4-step automatic buttonhole
- 4 zigzag options
- 6 straight stitch options
- Straight blind stitch
- Shell tuck stitch
- Elastic stitch

I've only ever used the zigzag and straight stitches, but I assume all other functions work.

Comes with original instruction booklet, foot controller and complete accessories bag containing:
- Buttonhole foot
- Zipper foot
- Button foot
- Needle plate
- 3 plastic bobbins
- 3 spare needles
- Screwdriver
- Extra spool pin

No cover.

All intact, no cracks or major aesthetic damage, just some wear consistent with age. Light works fine too.

You're very welcome to try it out when.
