We've had this car in our family for almost 5 years and has proved to be a little gem. Being a Nissan, it's never once gone wrong, or failed to start, even in the coldest of mornings.

It has ISO FIX points for a baby seat and is a doddle to park. It has been serviced and maintained meticulously and will give the new buyer many years of hassle free driving.

It drives very smooth, has reverse parking, a CD player, automatic rain wipers, keyless entry and keyless start, half leather seats and much more....
