The ever popular Quicksilver 500 Pilot House Fast Fishing Boat. This is the later specification model with the curved windscreen and benefits from being fitted with a Mariner F75 4-stroke engine rather than the usual 50-60hp. This gives much better performance and fuel economy. The boat is fitted with hydraulic steering, auxilliary bracket, boarding ladder, in-built 50 litre fuel tank, helmsman seat, VHF Radio, Colour Fishfinder/Plotter/GPS, Fire Extinguisher, Navigation Lights, Bilge Pump.

As with the Pilot House Range the boat benefits from an enclosed wheelhouse, offset for easy access forward but ideal if the weather turns to give you complete protection from the elements.

The boat has just been serviced and is ready to go!!
