Volkswagen Polo 1.4 petrol 1999 good condition with very low mileage. Few bumps and scrapes a expected with old car. Full MOT until OCTOBER 2017, which had NO advisories at all Competitive price is to get it to sell quickly, not because of fault with car! Price is £650, will accept reasonable offers but car is priced well compared to others of the same age with much higher mileage, so is still a bargain! Interior is in reasonable condition, some fabric has minor marks but majority is clean and tidy, Exterior has some minor scrapes and bumps as expected from wear and tear on an old car, but all in all I think it's good! Manual sunroof, front windows are electric and working, electric mirrors, central locking with fob, alarm, alloy wheels etc.

2 previous owners. Mileage is 34k, very low for a 16 year old car!
