Lovely kind, gentle 16.1hh TB gelding, just turned 8 years. He was bred and trained for polo but was never any good at it, mainly due to his size. He has been with me for 2 years as a happy hack. He is completely safe and sensible in ALL traffic. He goes first or last, hacks alone or in company. He is never fizzy or silly. He is not strong and is ridden in a snaffle at all times with a cavesson noseband. He is still a little green, especially when hacking alone as can look at things so I would say he needs a confident rider. He comes to call in the field, and is excellent with farrier and vet. He has a very laid back attitude to life and will let you do anything with him, and he loves lots of love and cuddles. He is easy to do and lives out all year. He has travelled in a lorry, not sure about a trailer but am sure he would be fine in one. He is vaccinated, microchipped and wormed up to date, and is fit and ready for a new adventure. He has not been taught to jump yet but I don't see this being a problem, unfortunately we do not have a school to teach him. NO NOVICES OR
