Elec - Acoustic 6 string cut - away right handed Marlin MFCAE Good Condition Guitar

East Midlands, Northamptonshire Location https://www.freeadsz.co.uk/x-446716-z

Marlin amplified acoustic guitar in Good Condition. It is 30+ years old and owned by me for that time. Just a few age related marks, nothing really. Close up examination is welcome. Solid condition all round...has been looked after. All elecs are working and just added new strings, sounds just as it should/ Well built guitar and No Damage. Buyer collects or can arrange collection at their own risk of damage. I can not provide packaging. So expense is completely with the buyer as is the damage risk, so collection is preferred. DAYTIME collection only and only mornings at the week-end if i am at home that is. Located n Northampton, very near all M1 Junctions. Look up area code

Condition Guita
