Silver Vauxhall Astra 1.8 automatic , the car runs and drives perfectly with no faults and no unwanted noises , it's very smooth on the road and has recently just had a gearbox oil and engine oil change , it has 10 months MOT and only 78k on the clock , it has a couple of age related marks but that's what you expect it's an 11 year old car , nothing major few scrapes I am selling due to needing a bigger car, it's got no issues what so ever , everything works as it should £1000
