

Triumph Bonneville 2012 (5,500 GBP)

Location **Wales, Gwynedd**
<https://www.freeadsz.co.uk/x-448713-z>

White, 1 owner, The Triumph America is much longer and lower than the regular Bonneville. It is surprisingly nimble around town and competent to quite rapid speeds on back roads. Certainly capable of outpacing its rivals. The Triumph America's 790cc twin cylinder engine's very under stressed and has no recurring reliability problems. Build quality is well above average. Triumph understands the British winter and road salt better than most manufacturers so the Triumph America is quite durable. This one comes with a screen, rear carrier with back rest and has had one owner. The North West's finest family run motorcycle dealership, £5,500 p/x
