KAWASAKI KZ 440 LTD 1982 in great condition for year and low milage Canadian import with NOVA I bought this a few months ago as a winter project. The bike is in MOT'able condition, tyres good, brakes good, all the electrics work as they should. US Spec, so it has the indicators permanently lit. The carburettor needs the jets looking at. It runs fine, but needs the carb setting up properly. Aftermarket air filters have been added also. This was done prior to my ownership. Please see the video at: https://youtu.be/MV0_VmtzDfc All in all it's a very tidy little bike for it's age and will do someone a good turn as a commuter, flat tracker, chop project, or whatever you want to do with it! ... Ideal and easy winter project, fully comprehensive Kawasaki Service Manual included, also Owners Manual ... unfortunately I won't have the time or space for it anymore and would rather see it go to someone who does ... Message me with any questions 07841 997 990 07841 997 9...(click to reveal full phone number) and ... Please look at my other!
