

Tri coloured part lionlop baby rabbit (50 GBP)

Location **London, London**
<https://www.freeadsz.co.uk/x-450608-z>

this cute cute little buck is now 16 weeks old and is super friendly he is bred from lion/mini lop so only slightly fluffy which is super cute. he comes mite and worm treated with advice sheet and changeover food. plenty of advice from a well known breeder where bunnies spend the day binkying around the garden for long term good health. these are no commercially bred rabbits for pet shops but loved family pets;
