I can no longer look after this kitten as I am busy with my life and would like it to go to a loving home. The kitten is named Rex and he is 5 months old male and been vaccinated and flea and wormed. It comes with flea drop, food, two cat collars, litter tray and litter for the cat and a carrier to take him away in too. He also has the paper works for his vaccination and been micro chipped too. If your interested please email me or contact me to organise a day to view it. ;
