4 Stroke, Parallel Twin, Liquid Cooled, 6 Speed, Chain Drive, 46.9HP / 35KW A2 Licence Friendly, 78CM Seat Height, 15.5LTR Fuel Tank, Electric Start, ABS. Would you believe this sporty little CBR500 from Honda returns over 80MPG, wow! All the style and presence of a big sports bike with the running costs of a much smaller commuter. Honda have got every last drip of power out of the engine to give the full 35KW which is the limit on an A2 (Restricted) Licence. This bike has only had 1 owner from new, and we here at DC's know this bike very well as we have completed all the services on this bike from new so we can say for certain it has been well looked after, the last service was done at 5126 miles. This bike will do around 120MPH so more than enough under the tank, but the fun is getting up to speed as this bike handles like a full on Super Sports bike, twisty's are seen, done and past with ease! Even though it has a sporty pedigree this bike also makes a great commuter and will not disappoint in any situation, there is already a top box fitted for those everyday essentials. Why now give change a chance and throw your leg over this little beauty for only £3695. REF:A8N7
