Leeds College Of Music Jazz graduate and gigging musician.

I've been teaching for the past 5 years from beginner to advanced.

Electric, acoustic, classical.
 Blues, Jazz, Country, Folk, Pop, Funk, Rock.. you name it.

Independently of your level and your goals I can adapt to you.

All styles and ages.

Some people struggle with boredom after few beginners lessons due to the fact that they don't necessarily want to learn what they're being taught, that's why if you just want to learn to strum along your favorite tunes, you'll do just that.

Also, if you're an experienced player or performer, I can coach you into improving your delivery and execution, using first hand techniques from Tom Jackson's Live Music Method Workshops (USA) we'll work on creating engagement with the audience as well as creating unforgettable moments for them.

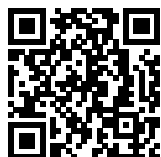

On the other hand, if you'd like to take the next step in your musical journey and explore further

harmonic, rhythmic, soloing, comping, composing and arranging concepts, we can do that as well.

Let me know where you are and I'll come to you! :)
