

# RC Nitro HPI Rush Evo Stadium Truck (140 GBP)

Location **West Midlands, West Midlands**  
<https://www.freeadsz.co.uk/x-456004-z>

Here is my HPI Rush Evo stadium truck, it has barely had any use and is in great condition other than a few marks underneath that was caused because the suspension had not been adjusted from new. Only been used a handful of times in fact engine could still do with a few more tanks of fuel to run it in. This car is rear wheel drive. It works great and starts first time. It is extremely fast, can reach speeds of up to 40+ miles per hour! Car comes with everything you need, this includes transmitter, glow plug + charger, manual and even some fuel (if collecting as fuel cannot be posted) so you can start using it straight away. The body shell is in perfect condition and the car can also be seen running. These cars retail at £380 on Amazon, check it out for yourself here:
