Labradoodles with a difference. Mother is a pedigree standard poodle. Father is a big red English mastif cross Rottweiler. He is exceptionally clever and steady- a real gentleman. In fact he is more like a cuddly bear than a dog, admired by all. Both parents can be seen and are forever pets in the same home. We would welcome you seeing them And accompany us on a walk so we can show them off. 2 puppies left from a litter of 5. 1 boy. 1 girl. Big strong shaggy puppies with lovely natures just like mum and dad. If you need a big loyal protective, but cuddly dog with presence, but still comes under the heading poodle cross look no further.:
