

# Aprilia RSV 2003 (3,995 GBP)

## North, Cheshire

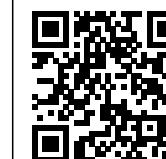

<https://www.freeadsz.co.uk/x-459564-z>

V-Twin, 4 Stroke, 141.40 HP (103.2 kW) @ 10000 RPM, Double Overhead Cams/Twin Cam (DOHC), Liquid Cooled, 6 Speed, Chain Drive, 175KG Dry Weight, 81CM Seat Height, 18LTR Fuel Tank. Aprilia's flag ship race / super sport bike is this big engined v-twin beast which is still a very popular choice amongst the speed freaks out there who love these very powerful, torquey crotch rockets especially when it's the factory version like this. As standard these bikes have twin cans, Ohlins and Brembo's and are designed to be quick throughout the rev range and gear box. They corner fantastically and it's one of the only bikes without all the new technology of ABS and traction control etc that you can grab a handful of front brake and lay it down for a corner, as most bikes would simply spit you off without all the fancy technology, but not the Mille. The previous owner has also installed a Meta Alarm system, R&G crash bungs and a double bubble tinted screen. Why not have the best cheap fun of your life with our Mille for only £3995. REF
