Single Cylinder, 4 Stroke, Fuel Injection, Liquid Cooled, 6 Speed, Chain Drive, 129KG Dry Weight, 80CM Seat Height, 11LTR Fuel Tank. KTM's profile of this bike The Duke is unbeatable with its sensational power to weight ratio coming from an ultra low dry weight of 129KG. Here we have a stunning little 200cc Duke from the guys at KTM. This bike has the same size frame as the 125 Duke but they have crammed in a 200cc engine which really gives the little beauty a great injection and boost as they have near enough doubled the power. These bikes are fantastic road bikes but if you change the tyres they are even better dirt bikes and go like stink! If your looking for something a little quirky, a little different but you don't want to compromise on style, quality or performance then the KTM is an obvious choice. The bike is in great condition and really stands out from other choices in the same class. Why not make the Austrian little monkey your next play thing for only £2495. REF
