This gorgeous dress is a good luck charm on your wedding day!

Perfect for size 8-10 top, with cups for breasts. I am a B but A and C cups will fit too as it is rigid. If you are smaller than a ten, the dress is adjustable at the seam. A seamstress will do a perfect job.

It is tailored in at the waist by a diamante belt, which can be picked out and swaped if you wish.

The dress zips up at the back, to reach your lower back. It is designed to hug your bum. I am a size 10 going on 12 and it is made to fit exactly. It can no doubt be taken in. The beauty is that there is lose fabric at the belly level which means that it is comfortable.

The key feature is the delicate bead drop from the shoulder line, giving you a beautiful back. Coupled with the fishtail style, it makes the dress simply unique.

The trail can be shortened as you wish.

I live in Liverpool City Centre and will happily welcome you for a fitting. I am availble most evenings and weekend.

The dress was made locally, has been DRY CLEANED and cost &pound.
