

Effective logo designs for small businesses

Location **South East, Kent**
<https://www.freadsz.co.uk/x-459928-z>

My name is Chris Grey and I'm a logo designer based in Ashford, Kent. I design effective logos for small businesses. An effective logo is the one that grabs the attention of potential clients and is easy to remember. In order to grab the attention, it needs to stand out from the crowd. To be easily remembered, it must be as simple as possible, but not simpler. You can visit my website to find out more about my service. www.chrisgreydesign
