Born in February 2016 so only 9 months old, I brought from pets at home. Both have been micro chipped had all their vaccines up to date. Very friendly, never had any problems with children playing with them. They come with their cage which we paid £150 for and an indoor cage too, a litter tray they use, sawdust to last up to April 2017, hay we have two massive sacks full, which would last you up to February 2017(i can pass on details of hay supplier which is the best price I have found) . They also come with food to easily last up to early February, their food bowl and water bowl plus a water bottle, bottle cleaner, dustpan and brush to clean them out with, tunnel they use the run through, also two pet carriers to take them home in. Only selling due to moving into a flat where we won't have space for them, will be sad to see them go as they are always pleased to see you. Must be sold together and to a good home. £50.00 Contact Chloe on 01293 403095 01293 4030...(click to reveal full phone number) ;
