

# Financially Challenged Businesses Wanted

Location **London, London**  
<https://www.freeadsz.co.uk/x-460464-z>

We invest in non-profitable, debt-ridden companies, in Information Technology (IT, Telecoms and Cabling), Marketing, Advertising, Facility Management, Construction, Transport and Recruitment that have minimum of £0.5M turnover & turn them into debt-free, profitable businesses! Our solutions make a huge difference to struggling businesses and can save them from CVA, Administration or Liquidation. We have no financial benefit if we can't help your company, so we are on your side all the way, something that separates us from Insolvency Practitioners and so called business doctors and consultants. Why give up on your dream or abandon your life-long passion when you can get help? Visit Us at: <https://goo.gl/rpTN0o> to find out more! ;
