The business has a healthy and profitable client base which would be a fabulous spring board for someone looking to set up their own business and work from home. Alternatively, it would add great value to an existing accounting, bookkeeping and payroll business. All clients' books and payroll accounts are up-to-date and well managed – no messy accounts or incomplete records to deal with. Well trained and lovely clients who are into good habits for providing their work. The business offers excellent potential for increased profitability with the incoming auto-enrolment process for payroll customers. Bookkeeping is processed using Xero online accounting software. Smooth handover and care of clients is of paramount.
