Beautiful Dr. Marten039s Vonda, Women039s Boots. (140 GBP)

I bought them for myself, but they are not really my style. Brand new. I have never worn them. They are very good quality leather and the flowers on the sides look really good, very comfortable, up to mid-calf. These are size 5 (EU 38). I would totally recommend if your style is more "rock like".;
