PLEASE FOR MORE INFOS CONTACT ME ON WHATSAPP ONLY: 07 . 447 . 239 . 125, NO E-MAIL OR CALL I have a CCGB litter available to leave. There are two apricot boys available in the litter. They are F1 cockapoos, mum is a KC registered English show cocker and dad is a KC registered miniature poodle. Both parents are DNA health tested and copies of the certificates will be provided. Mum and dad both have super personalities, very loving and affectionate.

I am a CCGB registered and approved breeder and as such my puppies are reared to the very highest of standards. They are exceptionally well socialised (we follow the Kennel Club's Puppy Plan) and will be well adjusted to fit into family life. They live as part of our family and adore my 3 young children.

They will have had their first vaccinations, be microchipped, wormed and flead to date and have start toilet and lead training. I provide a bag of Royal canin which they have been reared on, a scent blanket with siblings smell on, a collar and of course some little treats! I will always be on hand for additional support throughout the puppy's lifetime should you need it and I provide 4 weeks free insurance for peace of mind when you take your new puppy.
