## FREE SITE FEES FOR 2017!!!!

Its that time of year again, when the autumn and winter start to draw in, and your touring caravan is locked away on your car park or in a storage yard until April, when you get it back out again for the next 6 months. But does it have to be like this? Do you have to lose 6 months a year of holiday time?

The answer is NO! Here at Kingfisher Leisure Park, we offer our holiday home owners a 12 month holiday season, and with most caravans available with double glazing and central heating, you can still get away at the drop of a hat, even in the winter and be comfortable.

We are offering touring caravan owners the opportunity to part exchange their caravan for one of our preloved or new static caravans this september & october to make use of the fantastic scenery and their holiday home in the winter, even at Christmas! With a minimum trade in of £3,000, even the oldest of tourers will get something back for it!

So contact Cameron or Stuart today to arrange a viewing of the park and see if we can be right for.
