Clinical Specialties: MMHC provides the highest standard of care for mental health problems. We help people with autism, ADHD, Alzheimer's disease, anxiety, bipolar disorder, depression, schizophrenia, addictions, sexual issues, behavioral and eating disorders. MMHC offers comprehensive inpatient and outpatient treatment options. Our current diagnostic methods include EEG, evoked potentials, MRI, MEG, polysomnography and wide range of other diagnostic methods. We introduce the newest treatment procedures such as biofeedback, transcranial magnetic stimulation and chronotherapy. MMHC provides an essential and highly effective psychotherapy and other psychological services. Our leading approach is cognitive-behavioral therapy that is applied as an essential adjunct to all treatment programs. Minutko Clinic offers Online Counseling via TrueConf. Our specialists speak English, German and Russian. Cross-Cultural Experience: 10+ years' experience with expats from all over the world: from England to Iran.
