4-Stroke, Fuel Injection, Double Overhead Cams/Twin Cam (DOHC), Liquid Cooled, 6-Speed, Chain Drive, 206KG Dry Weight, 84CM Seat Height, 19 Litre Fuel Tank. Kawasaki's profile of this bike Editors at Motorcyclist magazine may have described this jack-of-all-trades motorcycle best: £The most impressive thing about the Versys is what it can do. That would be just about anything, and for a lot less money than anything else out there. Call it whatever you want. We£re calling it Motorcycle of the Year.£ What more needs to be said? This model is a fantastic bit of kit capable of anything you wish to throw at it, commuting, touring, fun rides, two up riding anything! We have a few extra's on this one including full engine bar protection, heated grips & hand guards, full Givi luggage, smoked screen, Versys logo tank protector. As standard these bikes come with Tokico radial brakes and ABS. A good fun, sensible option, smart choice bike for any and all needs, covered only 14000 miles from new, all this for £3995. REF
