Peugeot 206 gti. 03 plate

2 litre

Petrol

85000miles will go up as still driving

Its just had a new alternator.

A new battery

Stainless steal exhaust.

Tinted windows. Was there when bought. Few scratches from wear and tear.

Everything else is in working order. Apart from drivers seat is different material and seat to the rest. Was like it when bought. Rest of half leather half suede.

Full service history.

3owners including myself.

Mot till middle of next year. Need to double check date.

2 keys the buttons on the keys have come off. Can still use the button to unlock and lock. But I just use it manually.

Air bag light does pop up. Just haven't been able to get it looked at.

Passenger sun visor isn't there,

Other than a few bits that I've stated above. And obviously age related marks.

Amazing car to drive. Need gone asap as got a new car.

£700
