4month jackawawa x chorky puppy (350 GBP)

South West, Isle Of Wight Location

https://www.freeadsz.co.uk/x-465927-z

My 4 month old puppy is looking for her special home....

Due to her and mum playing ruff and tumble...

The puppy has got a slight tendon trouble with her front leg but this will heal properly with going walks and swimming (in a bath)

I have had this all checked out by a vet ..

Partially house trained will go outside or (on pee pads if no access to a garden).....upto date with all her vaccines and flea/worm ... has been microchiped...

She has learnt sit paw and down she loves to be cuddled and played with

This has been a very hard decision for me to make so PLZ no time
