

RELISTED DUE TO TIME WASTER DEPOSIT REQUIRED WELCOME TO VIEW BY APP

Location **Scotland, Berwickshire**  
<https://www.freeadsz.co.uk/x-466254-z>

The door is opposite the kitchen area. In front of the kitchen area are two forward facing seats with seat belts which are around the dining table. The water tanks are under these two seats. The dining table has an extendable section to allow all of the seats to dine together. The driver and passenger seats can swivel round to the table if desired and there is a sideways cushioned seat perpendicular other seat so that 6 people can sit around the table if desired. Above the seats on both sides are several storage lockers and a large long skylight which opens and allows extra light and/or ventilation is above the table. Surrounding the skylight above the driver and passenger seats is a parcel shelf which safely can hold books etc. The table can be lowered and combined with the other seats to make a double bed, this is put together using the various cushions and is quite comfortable but we always used a memory foam mattress topper to ensure really comfortable.
