Hi, I am a Chartered Engineer who has 7 years professional work experience. I have a Masters 1st Class degree in Chemical Engineering. I am passionate about mentoring/tutoring subjects of Maths, Chemistry and Biology KS3, GCSE and A-Levels. I am currently tutoring 8 students and looking to take on more students. My method of teaching is to ensure the concepts are understood well to enable the student to apply the knowledge in different ways. Where possible I like to relate to real life phenomena to make it easier to.

Tutor for Maths, Chemistry,
