4 Stroke, V4, 105.00 HP (76.6 kW), Liquid Cooled, 6 Speed, Chain Drive, 209KG Dry Weight, 80CM Seat Height, Electric Start. This model is infamous for being a "bullet proof" bike, very reliable and very sturdy. This bike came in to us as a part exchange against current stock. The bike is mechanically sound and is in full working order and was ridden to us by the previous owner. The bike cosmetically has seen better days however this bike would make a great TRACK / PROJECT / WINTER BIKE. It is being sold as a TRADE SALE which means finance is not available, no warranty and no returns. The bike is stored at our shop in Fartown Huddersfield, viewings are available. Please call Chris or Dick on 01484 534 248 01484 534 2...(click to reveal full phone number) to arrange viewing in our storage area as this bike is not in the showroom. Cheap reliable fun for only £1495. REF
