

X Rated Furnace BMX with 360 degree Gyro. (Suit age: 8 to 16 yrs).
----- Selling Points: This has been maintained and serviced by a professional mechanic. Bike has all the nice top have features a serious bmx rider wants: 360 gyro handlebars, 3 piece crank, stunt pegs.

Condition: Everything working as it should. There are a few scuff marks and scratches to the paintwork and graphics. There is just a small amount of rust on some steel parts like screws, and bolts, but nothing too serious to affect the overall performance of the bike.

Servicing & Pricing:
Every bike I sell has been serviced by me whereby I go through a checklist of every component on the bicycle to make sure everything is working as it should be.

I believe my selling price is always reasonable. My last pic on the advert shows what a bike shop would charge for just a service (without replacing any parts).
