Sad sale of my pony who ive owned since last May hes a lovely pony with a big heart and is excellent with children, sadly my son isnt really interested and hes going to waste. Hes golden on the lead rein but off the lead rein he is quite green but will happoly follow another horse, hes never had much done with him so would also suit a confident lightweight rider aswell as a lead rein. He will come with tack and rugs, hes also barefoot and prefers to live out. I will make sure he goes to the right.
