This camera is as new. It was purchased for a safari trip and is now surplus to requirements. Product Information Capture impeccably sharp images of fast-moving subjects with the black Fujifilm X series X-S1 super-zoom digital camera that is outfitted with a 2/3-inch EXR CMOS sensor and high-speed EXR processor, which enables you to click high-quality images at a faster rate. Incorporating a F2.8-5.6 Fujinon Optical 26x zoom lens with a zoom range of 24-624 mm, this Fujifilm 12.0 MP camera captures wide-angle as well as telephoto shots with ease. Moreover, you can capture sharp and well-illuminated photos as this super-zoom digital camera utilizes an auto flash. You can shoot vivid HD videos in full high-definition resolution 1920 x 1080 with this Fujifilm 12.0 MP camera at the rate of 10 fps. Sporting a 3.0-inch TFT color LCD monitor with a resolution of 460,000 dots, the Fujifilm X series X-S1 camera lets you frame, view, and playback your photos and videos seamlessly. What's more, the Lens shift-type image stabilizer featured in this Fujifilm 12.0 MP camera reduces camera shake and delivers blur-free.
