Location **South East, West Sussex** https://www.freeadsz.co.uk/x-470600-z

Hello Everyone, I have graduates Sofia High School of Mathematics where for 5 years I have been studying mathematics to a very high level. Please research further into the school as it might not mean much to you but regularly students from it win math's competition around the world. I have continued my education obtaining a Bachelor Degree in Architecture at the University of Brighton. I am confident I have a very good understanding of mathematics and I can be useful to anyone(up to A levels) who needs help with the subject. I am not a qualified teacher but I am responsible person who takes education very seriously. I can offer an hour lesson for 15 pounds. I am available during the weekend and after 5pm Mon-Friday. Also between lessons I can answer maths questions via emails. If you have any enquires please do not hesitate to contact.
