

Cleopatra 850 Motor Cruiser - Twin Volvo Penta (7,999 GBP)

Location **Wales, Dyfed**
<https://www.freeadsz.co.uk/x-471271-z>

1975 (Circa) 28ft Cleopatra 850 Motor Cruiser. Currently lying ashore in Milford Haven, in a Winterised condition. She has had a lot of money spent on her in recent years, however due to time restraints she is now up for sale. We are looking to downsize to a trailable day boat. Mechanical & Electronics: Engines: Twin Volvo Penta 130HP Petrol Engines. Well maintained and looked after. Very quiet and economical. Spares are readily available, and there will be a load of spares going with the boat for them. Fully re wired in 2011. Blower fitted in engine bay. Water strainers connected to both engines. Water Separating fuel filters. Outdrives: Volvo Penta 270. Fully rebuilt in 2013 with new seals. Well looked after and maintained, they are a good strong reliable drive. Antifouled ready for launching. Fuel Tanks: Brand New in 2011, and fitted in 2012. Twin Aluminium fuel tanks, each feeding their own engine (no chance of cross contamination) They cost a fortune to buy. All pipework was new when they were fitted, and they are bonded to the deck fillers. Feeding the engines by copper pipe and bulkhead mounted water separating fuel filters. 240 V Electronics: 240v System installed, with a double socket in the main cabin. 12 V Electronics: Fully rewired in 2011. A new fuse board has been installed in the saloon cupboard, and new wiring has been run throughout the boat. All light fittings were new in 2011. Saloon and cabin lights are LED and a very high quality stainless steel fitting. (Fitted to Sunseekers) VHF DSC Radio and Fish finder included. Fish finder requires a new transducer, original will be included in the sale. Its fully working, but the bracket has broken. 2 x Automatic Bilge Pumps 1 x Manual Bilge Pump Inside: Saloon: 4 x LED Lights. U Shaped seating area and table. Loads of storage underneath. Wooden storage unit opposite housing fuse board, CD Radio and more storage. Blue helm seat. Massive storage space under the floor, big enough to climb in. Saloon table and leg will also move into rear cockpit for

entertaining. Galley: Solid wood worktop, stainless steel sink and brand new stainless steel cooker (2 x 12 inch cookers) and a gas hob. A gas supply is fitted, but not connected to the hob. A fridge is fitted in the galley. A cool box is also fitted. It uses 12v battery power. A water heater to keep the water fresh. A shower can also be fitted to the hold. A pump to keep the water clean and Linex vinyl flooring. Headlights fitted in 2011. A new set of custom curtains in 2013, a full set of custom curtains for the entire boat professionally made by Audrey Johns L.D. Heads: Fitted sink, and cupboards. Skin fittings and valves in place to fit a sea toilet, but we always used a porta potti. I have kept this for our new boat but they are not expensive new. Front Cabin: Large V Berth. Ceiling (LED) and reading lights. Large storage areas underneath bunks. Hanging wardrobe. Sealed access to the anchor locker. Outside: Extremely sturdy stainless steel rubbing streak runs around the edge of the boat at Full Ratsey's lead cover made and fitted in 2013 Windows have had new perspex and resealed in 2014. Insign pole fitted on the roof with the VHF antenna. Grab rails all around.

Anchor and chain. Various fenders and ropes included. The boat has not been re antifouled, just jet washed. Other points to note: The cabin and saloon upholstery is perfectly usable, however I would be thinking of changing it before too long as its a bit tired. A good chance to personalise the boat. Water system is not connected. Tank is installed, and a new tap in the galley. Pump is included it just needs all connecting up. Cooker is also not connected to a gas supply. Davits are included in the sale, but are currently not fitted. Holes are in the transom ready to bolt them in place. The boat is around 1975, so please don't expect her to be like new. I have tried to keep her to a good standard, but like all boats there are still jobs to be done. Loads of photographs available on.
